

Dear Parent/Guardian,

**RE: Year 10 Summer Intervention Classes – July 2017**

As you will be aware, your daughter is currently completing GCSE courses in a range of subjects. When she returns to school in September she will be in Year 11 and effectively will only have 2 terms left before she sits her final examinations. As the senior leader with responsibility for teaching and learning at the school I have analysed the outcomes from the summer assessments and have concluded that additional teaching time in the summer will be required to ensure that students complete syllabus material from Year 10 in sufficient detail and depth, and allow students to get a 'head start' on work for Year 11.

It is important that your daughter attends the sessions allocated if she is to ensure that she keeps pace with other girls in her sets and has the best possible chance of attaining good GCSE grades in the subjects listed. This model of support/intervention is based on the experiences of our founder school, Tauheedul Islam Girls' High School in Blackburn which uses summer school delivery to vastly improve the chances of examination success for its GCSE students.

All sessions will be delivered by the school's own teaching staff and the quality and expectations of provision will be in line with that offered during the normal school term.

Your daughter should attend on the days stated and should arrive promptly. She should bring a packed lunch and sufficient snacks and drinks for the day. Students will take lunch at around 12:00pm. It has also been agreed that students can attend in non-uniform but clothing should be appropriate for school and study.

Please complete the acknowledgement slip overleaf and return to the main office by Wednesday 19<sup>th</sup> July 2017.

Anand Patel  
Vice Principal

I, \_\_\_\_\_ Parent/Guardian of \*student name\* acknowledge that I have received the details of summer school classes that my child is required to attend.

I will ensure that she attends and is properly equipped for these classes, including a packed lunch for the days that she is in school.

I will also ensure that my child is able to make her way home after 3:00pm.
