Dear Parent / Career

Re: GCSE Guided Choice

I am writing to invite you and your daughter to an online Guided Choice Information session, this will take place **on Thursday 14th May 2020 at 3.00pm** through Microsoft Teams.

As pupils move from Year 8 to Year 9, a degree of subject choice is open to them. At Eden Girls Coventry, we are committed to offering an EBAC curriculum where great care is taken to help pupils select the most appropriate combination of subjects for their future learning.

The four subjects we will be offering are:

1. GCSE Citizenship
2. GCSE Art
3. Level 2 Sports Studies
4. Level 2 Health and Social Care.

This information session will be delivered in the Year 8 Team Room on the announcement channel. Here you will be presented with the subjects and the process will be explained.

We have also uploaded the Guided Choice Booklet in the Team room which is available should you require further information.

Pupils are expected to use the online form to make their choice. **The deadline for the forms to be completed is Monday 18th May 2020.**

This process is a 'Guided Choice' and should the school need to speak with Parents in more details about the choices on offer the school will arrange telephone meetings.

We would like to take this opportunity to '**Thank you**' for your continued support.

Yours sincerely

Dr Mohammed Rahman
Assistant Principal
