Assalamu Alaikum – ‘Peace Be Upon’

Dear Parent / Carer

Summer Work Year 9 - Keeping Eden Girls Coventry Educated

We continue to pray for the health and wellbeing of all our School Community and wider Society. At Eden Girls' Coventry during these challenging times we provided learning packs and on-line lessons to ensure your daughter achieves her full potential during this pandemic.

To fully support your daughters education during a very important year transitioning from Year 9 to Year 10, we are providing work over the Summer Holidays. This is to ensure that she is completely prepared for the challenges of the GCSE examinations.

All of Year 9 students have been issued with homework to complete over the summer holidays. This work has been setup on the learning platform called **Seneca Learning** (GB).

Please see the attached letter for instructions on to how to log onto the platform. Class codes for each of the subjects are also included, this will allow your daughter to log in and complete the work. The work within the platform has been carefully and diligently selected by our Directors of Learning, to enable your daughter to close any gaps within her learning, and to aid us in identifying any areas of common misconceptions which will need to be addressed in the new academic year. The school will be closely monitoring your daughters progress of the work set; therefore, our expectation is that your daughter completes all the work set.

We would like to take this opportunity to **‘thank’** Parents and Carers for the encouragement and support that has been offered in ensuring our pupils complete this work. If you have any concerns or queries, please contact the school via email on insert the info@egcoventry.staracademies.org

We hope that you and your family remain safe and well.

Yours sincerely

Mohammed Rahman
Assistant Principal

User Guide to Seneca Learning

1. Go to the website: app.senecalearning.com/join-class
2. Sign up as a student
3. Type in the class code:

YEAR 9 SENECA CODES.

Class	Staff	Seneca Code
