24th Rabi Al-Akhar, 1443h – 29th November, 2021

Assalaamu Alaikum – ‘Peace be upon you’

Dear Parents/Guardians

I hope that you and your family are well.

As you will be aware, there have been recent concerns about rising cases of COVID-19 and the possibility of new strains of the virus.

Over the weekend, the Prime Minister advised that there would be additional precautions to minimise the risk of infection.

I am very grateful to all parents for your wonderful support during this term to keep all our learners and families safe. During this term, the school has:

- Delivered online lessons so that students who are isolating can continue their learning.
- Been able to vaccinate a number of our students aged 12 and over.
- Continued to ventilate our classrooms and install air quality monitors to reduce the risk of infection.

In order to ensure all members of our school family stay safe over the next few months, we are asking students to:

- Get vaccinated if they have not yet received the jab.
- Wear a face covering when travelling to and from school, particularly on our school bus.
- Wear a face covering during assemblies and when moving around crowded areas of the school.
- Wash hands regularly and remember to isolate and get tested if they have COVID symptoms.

Along with the other protective measures we are taking, this will help students to remain in school safely.

Thank you for your support and understanding with this – we really appreciate it.

Regards

Anand Patel

Principal
