Dear Parents/Carer,

Assalaamu Alaikum – ‘Peace be upon you’

RE: Science Live Sessions

Dear Parent/Carer,

Following on from my previous letter, I wanted to extend a ‘well done’ to all the students that have been logging on to the sessions. They have proved invaluable in helping students with their revision. I am pleased to be able to let you know that the Star Central Science Team are now running a series of live events all through next half term. These are taking the format of a quick 20-minute tutorial on a Wednesday from 7pm to 7.20pm and a longer Sunday session from 10am to 11am.

Students are encouraged to join these sessions which will be focusing on key topics to consolidate understanding. These events will be held over Microsoft Team Live and pupils can access them from the links in the flyer attached to this email. If your daughter is unable to join the session live, they can of course watch the recorded session [here](#). Please see the table on the flyer for a comprehensive list of session dates and links.

Yours faithfully,

Miss L Hayer

Director of Learning for Science.
